

May 1, 2020

Jonathan A. Chavez-Casillas
Department of Mathematics
College of Arts & Sciences

VIA EMAIL ONLY

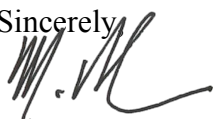

Dear Professor Chavez-Casillas:

Due to the disruption caused by the COVID-19 pandemic, the University and the URI Chapter of the American Association of University Professors entered into a Memorandum of Understanding concerning tenure clock extensions.

Our records show that the mandatory tenure review date indicated in your appointment letter is spring 2023. Under the Memorandum, your new date of mandatory tenure review is spring 2024, with the submission of your portfolio required the previous fall.

If you would like to keep your original tenure review date, please notify your chair and dean before May 1, 2022. Otherwise we will assume that you are accepting this extension. Please note that if you choose to stay with the original date, it will be considered your mandatory, not early, review date.

Sincerely,

Matthew M. Bodah
Vice Provost for Academic Personnel and Budget
